Dear Native American Finance Conference attendees;

I am pleased to welcome you to Information Management Network's (IMN) Sixth Semiannual Native American Finance Conference in Las Vegas, Nevada. This is an excellent opportunity to learn, share ideas, and network with over 500 Native attendees representing over 300 Tribes. This conference is designed based on recommendations from an Advisory board of some of the most accomplished Tribal leaders and CFO's, along with the industry's leading professionals.

This one of a kind conference will give you the opportunity to interact with experts who lead their field in panels covering bonds, gaming, real estate, investments, trusts, sovereignty and rights, legal understanding and hurdles, legislation, financial literacy, insurance, derivatives, housing, and infrastructure.

I am pleased to be Co-Chairing this year's conference. As Indian Country continues to grow, so does our need to expand tribal wealth and influence throughout the Nation and the world. IMN's Native American Finance Conferences consistently provide Tribal Nations with the information and resources necessary to grow and educate ourselves for our present and future.

Thank you for attending this year's Native American Finance Conference. I look forward to an exciting and successful event.

Sincerely,

Jamie Fullmer, Chairman
Yavapai - Apache Nation
