BLP's dedicated Securitisation Group is led by five partners, each of whom is a recognised leader in the international securitisation market.

Members of the Securitisation Group has advised arrangers, originators, credit enhancers, private equity and real estate funds, servicers, rating agencies and trustees in connection with the securitisation of a wide variety of assets, including commercial and residential mortgages, consumer loans, future flow credit card and export receivables, trade receivables, auto loans, utility and infrastructure cash flows and whole businesses. In particular, we have significant experience of advising on all aspects of commercial real estate securitisations (including B Note transactions) in conjunction with our top-ranked Real Estate Finance team and advising on all aspects of residential mortgage securitisations (including warehousing arrangements and whole portfolio sales).

Emerging markets securitisation is a key part of our international securitisation practice and members of our team have been involved in numerous landmark transactions in this field, including the first Shariah compliant RMBS in Saudi Arabia and the first publicly rated CMBS in Dubai.
